Where any such comments are not resolved, consideration will be given as to whether it is appropriate to indicate in the report possible changes or alternative outcomes that may result from resolution of such comments. Any material issues raised in past or pending comment letters regarding ITH's accounting or financial reporting shall be raised for consideration by the Disclosure Committee.

Delegation and reasonable reliance. The members of the Disclosure Committee have differing areas of expertise and no member of the Disclosure Committee is expected to be an expert on matters which are beyond his or her area of expertise.
